#### *Standard Washing Instructions*

The attractive raised rubber-reinforced face patterns of Amarco Products' Grand-Entry line trap dirt and water, keeping them off carpets and floors. The Grand-Entry line is perfect for most applications inside or out.

For best results, utilize the cleaning method shown below:

1. Vacuum regularly/daily in high traffic applications, weekly in lower traffic applications.
2. Extract, clean, or hose off as needed to remove heavy soil.
3. Hang mats to dry.
4. Mats should be dry before placing back into service.
