

## FEATURES AND BENEFITS

- High performance quality
- Reacts naturally
- Improved durability and safety
- Virtually maintenance free
- Clean and can be cleaned easily
- Consistent performance over time and use

## APPLICATION

This new landscape product offers thatch, resulting in a plush body, reducing the amount of infill needed. This product was designed as a next generation playground product but can be used for landscapes, pet areas, fringes, and much more. This product can be installed indoors or outdoors on concrete or a compacted aggregate base.
